

## IOD Director Briefing 1/2018

# Burning Issues Directors Need to Hear in the Year of the Dog

25 January 2018, 11.00-15.00 hrs.  
at Ballroom, Renaissance Bangkok Ratchaprasong Hotel

### Overview

The Thai economy tends to kick off 2018 with a firm foothold on the back of solid global growth last year and potentially brighter outlook this year. However, uncertainties and risks remain imminent in various aspects such as the pace of U.S. and global monetary tightening and eventual fund flows volatility, progress of infrastructure investment, local election timeline etc. Besides economic factors, ever-increasing global momentum toward corporate governance and anti-corruption practices also add more pressures to Thai companies, as well as the public sector, to enhance efficiency and transparency in a bid to comply with higher standard and meet expectations of international community. To equip board with insights on these challenges, the IOD is organizing the first seminar in 2018 with reputable experts in relevant fields who will share their views about those prospects this year.
